1. Profile of the applicant organisation and, if applicable, the partner organisation

1. Please describe your organisation and, if applicable, your partner organisation (outlining how it is structured, in what fields it operates, what activities it has previously undertaken, and how it is financed).
 - a) Since when has your organisation been active in the partner country?
 - b) Have you carried out similar projects there before?
 - c) Which staff are already present on the ground and what qualifications does your project staff/the partner organisation's staff have?
2. How do you intend to ensure that the funding applied for is used and invoiced correctly (accounting)?

2.2 Current situation

- a) Please briefly outline the current situation in the project area and why the project is necessary. To what extent will your project help promote human rights? Name the shortcomings which the project is intended to rectify.
- b) Is the project connected to activities being implemented by other governmental or non-governmental organisations (in particular, German implementing agencies in the sphere of development cooperation, the EU, UN, OSCE, etc.)? Are these bodies carrying out similar projects in the area, and does that entail a risk of duplication or opportunities to exploit synergies?
- c) Are or were there similar projects carried out by your organisation or other organisations known to you in the project country? If yes, what are they?

3. Project planning

- a) **Project aim:** Describe the concrete goal your project is aimed at achieving: Which concrete change to the current situation is the project intended to bring about?
- b) **Target group:** Which and how many people will benefit from this change? Are there particular reasons for choosing this target group?
- c) **If applicable:** To what extent will **gender aspects** play a role in your project? Will this project contribute directly to the implementation of **UN Resolution 1325 or follow-up resolutions**?
- d) **Key actors:** Identify the individuals and/or groups with whom you primarily cooperate to facilitate the desired changes.
- e) **Measures and activities:** Which concrete steps are envisaged under the project to achieve the aim (including the planned timetable)?
- f) **Indicators:** What are the concrete criteria (quantitative and qualitative) for gauging to what extent the purpose and aim have been achieved, as well as for measuring the success of the project (overarching political goal)? Please note that the indicators should be SMART: specific, measurable, acceptable, realistic, time-bound. What means of verification are available?

- g) **Risks:** What risks and undesirable side-effects could obstruct the aim and impact of the project? How can these risks be minimised?

4. Monitoring, progress reviews and evaluation

The Federal Foreign Office carries out progress reviews of all the projects it funds. In order for it to do so, the following information needs to be submitted at the application stage:

- a) How will you guarantee that the project is constantly monitored so that you can react swiftly when the conditions in which you are operating change?
- b) Please detail how you intend to monitor internally whether aims are being achieved, how much of an impact is being made and how cost-effective the measures undertaken are and, if applicable, whether an external evaluation is to be carried out.

Please note:

When necessary, the Federal Foreign Office evaluates projects it has provided with funding. The evaluation is carried out by staff from headquarters in Berlin, by the competent German mission abroad or by external experts.

5. Public relations

What are you planning to do to generate publicity and guarantee the visibility of the project and of the German contribution? Please state reasons (security or the confidentiality of the measure) If no public relations are planned.

6. Financial plan

Please enclose a detailed financial plan along with the application.

The financial plan should consist of a detailed list of the revenue and expenditure involved in achieving the intended purpose of the allocation you are applying for. Only project-related costs and not the organisation's running costs (such as wage or rental costs) can be met. It needs to be laid out in a way that outside parties can easily understand (e.g. divided into personnel expenditure (staffing costs related to the project), material expenditure (project-related rental costs, e.g. for conference rooms, travel costs, accommodation, the printing of brochures, etc.). The information on the individual types of cost should be broken down as far as possible.

You should also make a binding declaration of the amount of own resources, third-party funding and other grants available for the project.

The Federal Foreign Office decides on a case-by-case basis whether the relevant positions are eligible for an allocation.

Please note:

All amounts have to be given in the currency stated in the final report on expenditure of funds as well as in euros.

Staffing costs may only be included if they can be directly attributed to the project. Any other costs incurred through your organisation's employment of regular staff will not be funded.
